

Alberta Liberal

SANDEEP DHIR

EDMONTON MANNING

Albertans deserve better. We deserve a government as smart, entrepreneurial and hard working as we are.

Alberta needs a plan. We need a sophisticated government to manage the new economy. We need a smart government that ensures all Albertans get a fair opportunity to participate in our economy.

The Stelmach/Klein government has failed to lead this province and simply does not have a plan for managing Alberta's complex economy.

We, as Albertans, want a responsible and competent government. After 36 years, it's time for change and I'm ready.

A handwritten signature in black ink that reads "Sandeep". The signature is stylized and written in a cursive-like font.

This Time, Go Deep!

SANDEEP DHIR

“We, as Albertans, want a responsible and competent government. After 36 years, it’s time for change and I’m ready.”

The Klein/Stelmach government is fiscally irresponsible and has mismanaged our province.

We can't afford Klein/Stelmach

- they have lost at least \$16 billion in oil and gas royalties
- their delays in infrastructure spending have cost Albertans \$1.3 billion
- they have abandoned the Alberta Heritage Trust Fund

The Klein/Stelmach government is irresponsible

- homelessness has increased in Edmonton by 19% in the last 2 years
- the cost of education continues to rise while our schools are closed
- housing costs are rising and rent keeps going up
